

## TESTIMONIAL OF ACHIEVEMENT

This is to certify that **BEEHARRY Farhaan Mohammad Sa'ad** from Middlesex University Mauritius, has ranked **2nd** in the UoM Online Interuniversity TechWar 2021, a crackathon-type challenge held on the 30th of March 2021.

The TechWar is organized by the UoM Computer Club in collaboration with the Students' Union and its platinum sponsors MCB and SD Worx along with the gold sponsor ICPS. This competition aims to create links of cooperation and friendship between students in IT fields from different universities and institutions.

This participant was involved in solving a variety of coding exercises with varying levels of difficulty ranging from easy, intermediate and difficult with each question carrying points. This team has shown their skills of time management and problem solving throughout this competition. They demonstrated creative and critical thinking which we believe will be a valuable asset when creating prototypes for innovative products, services or models.

The UoM Computer Club wishes to congratulate this participant for participating and showing dedication towards this 12-hour competition.

Regards,  
Lavnish Mauthrooa
