To Whom It May Concern

This is to attest that Farhaan Beeharry has worked under my supervision at Secure Services (Mauritius) Ltd between May 2019 and August 2019 for a period of 4 Months. During his stay as trainee engineer, Farhaan has worked in collaboration with our different engineers, on several of our client projects and he has demonstrated excellent analytics skills.

He has been able to work independently and as part of the team, delivering good performance and excellent feedback from the team. He was always keen to learn new technologies and implement them within a short period.

I wish him all the best for his ongoing studies, and would recommend to have him as an employee in his chosen career path.

Best Regards,

Ikhlass M. Wardally

Technical Manager.
